Provider Description:

In your own words, please describe your program, including details, specialties, and success rates that may assist parents in determining which program best suits their child. Maximum 3,000 characters.

The Literacy Council of Alaska has been changing lives through literacy right here in Fairbanks for over 35 years!

We hope to tutor your student in:

- Reading
- Writing
- Math

As part of our SUMMER program, your child will have small-group and one-on-one tutoring. A web-based computer program called *Study Island* will also be used to help your student succeed! Check the program out at www.studyisland.com. This program is rigorous, research-based, and proven to bring results for students in Alaska. Students will have personal attention from our trained tutors, dynamic content to meet their needs, and instant feedback.

The Boys and Girls Club will be the main location of our tutoring services – if your child attends the Boys and Girls Club here in Fairbanks make sure to sign up for tutoring services with the Literacy Council of Alaska!

 Number of weeks in the program (see chart below for district specific information about total number of hours offered in each district). 4 weeks. 20 sessions during the summer.

APPENDIX A, Part 2
DISTRICT SERVICE CHART

Each provider will indicate districts to be served with a “Y” in the first column to the right of the district name. It is not necessary to input information for districts that will not be served. Based on PPA and projected costs for each district, indicate minimum and maximum number of students per each site served in the district, and the number of hours that can be offered to each student in that district. It is not required that the minimum/maximum number of students or the number of hours offered to each student be the same for each district. However, a provider agreeing to offer service in a particular district must be available to serve all eligible schools within that district.

District	Provider will serve this district Y/N	Minimum number of students needed per site	Maximum number of students possible per site	Total number of hours offered to each student at sites in this district
