FEDERAL PROGRAMS APPLICATION 2025-2026 ASSURANCES & CERTIFICATIONS

GUN-FREE SCHOOLS ACT AND DISCIPLINARY DATA REPORT (for all districts)

Must be completed electronically at: education.alaska.gov/safeschools/suspexptruancy

Background

The Gun-Free Schools Act (GFSA), Title VIII, Part F, Subpart 4 of the Every Student Succeeds Act (section 8551), requires that each state have in effect a state law requiring local education agencies (LEAs) to expel from school for a period of not less than one year a student found to have brought a weapon to school. In addition, under the GFSA, LEAs receiving ESEA funds must adopt a policy requiring referral to the criminal justice or juvenile delinquency system of any student who brings a firearm to school. Alaska's law complies with these requirements.

Each state's law also must allow the chief administering officer of the LEA to modify the expulsion requirement on a case-by-case basis. The GFSA shall be construed to prevent a state from allowing a local educational agency that has expelled a student from such student's regular school setting from providing educational services to that student in an alternative setting.

IDEA Considerations

(Authorization: 20 U.S.C. 1418(a)(1)(A))

The GFSA explicitly states that the Act must be construed in a manner consistent with the Individuals with Disabilities Education Act (IDEA). Compliance with the GFSA can be achieved consistent with the IDEA as long as discipline of such students is determined on a case-by-case basis under the GFSA provision that permits modification of the expulsion requirement on a case-by-case basis. A student with a disability who brings a firearm to school may be removed from school for ten school days or less, and in accordance with state law, placed in an interim alternative education setting that is determined by the student's individualized education program team, for up to 45 calendar days. If the student's parents initiate due process proceedings under the IDEA, the student must remain in that interim alternative educational setting during authorized review proceedings, unless the parents and school district can agree on a different placement. Before an expulsion can occur, the IDEA requires a determination by a group of persons knowledgeable about the student on whether the bringing of a firearm to school was a manifestation of the student's disability. A student with a disability may be expelled only if this group of persons determines that the bringing of a firearm to school was not a manifestation of the student's disability, and the school follows applicable IDEA procedural safeguards before the expulsion occurs. Under IDEA, students with disabilities who are expelled in accordance with these conditions must continue to receive educational service during the expulsion period.

Reporting

The GFSA also requires states to provide annual report to the Secretary of Education concerning implementation of the Act's requirements. The district's form **must be submitted to DEED by June 30 each year**. The Secretary is required to report to Congress if any state is not in compliance with the GFSA. *Please note that this form replaces the AKDEED form #05-99-010 Table 5 – Unilateral Removal from Educational Placement.*

AS 14.33.120 (b) requires that "a school district shall report information relating to school district disciplinary and safety programs as required by the department, including incidents of disruptive or violent behavior." The district's form **must be submitted to DEED by June 30 each year**.
