 Project Descriptions/Construction

<i>Priority</i>	<i>District</i>	<i>Project Name</i>	<i>Project Description</i>
1	Lower Kuskokwim	J Alexie Memorial K-12 School Replacement, Atmautluak	This project provides for the design and construction of a 32,775 square foot K-12 replacement school at a new site. It replaces 19,044 square feet of facilities and additions built between 1970 and 2006. Demolition of existing structures is included. Currently the school is operating at 168 percent capacity, with 44 unhoused students.
2	Lower Kuskokwim	Eek K-12 School Renovation/Addition	This project provides for renovation of the 17,274 square feet of facilities built between 1979 and 1982. Project scope includes demolition of some existing facilities and adds approximately 18,193 square feet, not to exceed 31,875 square feet of total facilities. Major systems will be addressed, including architectural, civil, structural, mechanical, and electrical. Scope also includes installation of HVAC Direct Digital Controls, emergency lighting, and fire pump and sprinkler system; replacement of sewer lift station, exterior doors, and underbuilding soffits; and remediation of hazardous materials. Currently the school is at 177 percent capacity, with 45 unhoused students.
3	Lower Kuskokwim	Anna Tobeluk Memorial K-12 School Renovation/Addition, Nunapitchuk	This project provides for renovation of the 28,218 square feet of facilities built between 1979 and 1994. Project scope includes demolition of some existing facilities and adds approximately 26,465 square feet, not to exceed 55,133 square feet of total facilities. Major systems will be addressed, including architectural, civil, structural, mechanical, and electrical. Scope also includes installation of HVAC Direct Digital Controls, LED lighting, and emergency generator; replacement of roofing, siding, and underbuilding soffits; and remediation of hazardous materials. Currently the school is at 200 percent capacity, with 108 unhoused students.
4	Galena City	Galena Interior Learning Academy Classroom Building Upgrade	This project renovates the 12,000 square foot facility built in 1984. Major systems will be addressed, including civil, architectural, structural, mechanical, and electrical. Existing spaces will be reconfigured for instructional improvements and efficiency. The scope of work also includes building envelope and code compliance upgrades.
5	Lower Kuskokwim	Mertarvik K-12 School Newtok Replacement	This project will design and construct a K-12 replacement school, approximately 32,673 square feet, in the relocated community. It replaces 22,908 square feet of facilities built between 1963 and 2000 and two portables built in 1994 and 1997. Existing facilities will be remediated and demolished or relocated as practicable. Project scope will include site infrastructure. Currently, the school is operating at 129 percent capacity, with 29 unhoused students.
6	Aleutians East	Sand Point K-12 School Paving	This project will reimburse the district for costs related to paving 59,520 square feet of drive and parking area at the site of the 47,000 square foot facility built in 1983 with an addition in 1984. The scope of work included grading and providing compacted D-1 to create a base, and laying down 2 inches of asphalt paving. This project is complete.

Priority	District	Project Name	Project Description
7	Lower Kuskokwim	Water Storage and Treatment, Kongiganak	This project provides for water system upgrades at the 31,428 square foot school built in 2010. The scope of work includes installation of a service connection to a new 500,000 gallon raw water storage tank on a pile foundation system. Existing nanofiltration equipment will be moved from the old school site to the new school site, and three tubular membrane units are to be added. Water treatment equipment will be relocated and a covered support structure on a new pile foundation system will house the relocated pre-fab containers.
8	Southeast Island	Kasaan K-12 School Covered Play Area Construction	This project provides for a covered play area of 3,000 square feet for the Kasaan School. The structure will include a foundation and a concrete floor as well as a roofing system and lighting for winter and evening use.
9	Aleutians East	King Cove K-12 School Paving	This project will reimburse the district for costs related to paving 29,597 square feet of surface area at the 43,843 square foot facility built in 2007. The scope of work included installing gravel fill, grading the surface area, and laying down 2 inches of asphalt to cover the surface. This project is complete.
10	Southeast Island	Thorne Bay K-12 School Playground Upgrades	This project will upgrade the playground for the 41,652 square feet of facilities built in 1989 and 1992. The scope of work includes installation of rubber tiles and rubber chips and construction of a retaining wall.
11	Yupiit	Playground Construction, 3 Schools	This project provides for installation of play structures and fall protection surfaces at three school sites built between 2004 and 2005.
