

The emergency amendment of 4 AAC 33.605(a) is made permanent and that section is further amended to read:

(a) A district in which one or more schools qualify for a discounted rate for Internet services under the federal universal services program may apply to the department for funding under AS 14.03.127 to increase the download speed of the Internet to up to 25 megabits per second (Mbps) for the Internet service available at a school operated by the district. All circuits or connections reported by a district in its federal universal services program application that provide Internet service to a school must be included in the **application** [CALCULATION OF AVAILABLE INTERNET SERVICE AT THE SCHOOL] for funding under AS 14.03.127.

The emergency amendment of 4 AAC 33.605(e) is made permanent to read:

(e) An applicant must provide information in the application regarding Internet services available to a school in the district, including

(1) a list of each circuit or connection that serves a school operated by the district and provides Internet access at an initial negotiated capacity of less than 25 Mbps;

(2) the Internet speed measured in Mbps of download for each circuit or connection listed under (1) of this subsection, verified in writing by the Internet service provider for the district;

(3) the current cost and the applicant's share of the current cost for each Internet circuit or connection listed under (1) of this subsection in monthly recurring charges to the district, with the current cost verified in writing by the Internet service provider for the district;
and

(4) the total cost and the applicant's share of the total cost in monthly recurring charges for increasing the Internet speed to up to 25 Mbps of download at the Internet circuits or connections listed under (1) of this subsection, with the total cost verified in writing by an Internet service provider qualified under the federal universal services program.
