The Alaska Department of Education & Early Development (DEED) is recruiting educators to participate in Standard Setting to establish the achievement levels of the Alaska Science Assessment and an Alignment Study that will establish alignment of the assessments to the K-12 Science Standards for Alaska.

Participants must have experience teaching science in grades 5, 8, or 10, be knowledgeable in the K-12 Science Standards for Alaska, and work well as part of a team.

DEED will select participants that reflect the ethnic and regional diversity of Alaska’s students. Special Education and EL educators are encouraged to apply.

The Standard Setting will be held in Fairbanks on June 14-15. The Alignment Study will be held in Fairbanks on June 13-16.

Participants’ travel to and from Fairbanks will be covered as well as lodging, daily per diem, and a daily stipend, if eligible.

Educators should apply by completing the Interested Applicant Survey. Recruitment will stay open until all participant slots are filled.

For questions about Standard Setting or the Alignment Study, please email Elizabeth Greninger, Assessments Administrator at elizabeth.greninger@alaska.gov.
