

Application to Consolidate Title I-C Migrant Funds into a Title I-A Schoolwide Program

School Year: _____

School District: _____ **School:** _____

Pre-requisites for Consolidating Migrant funds in a Title I-A Schoolwide Program

Alaska schools wishing to consolidate Migrant funds (Title I-C) into Title I-A Schoolwide Program must meet the following requirements:

- Must operate as and have a current Title I-A Schoolwide Program,
- Must have migrant students enrolled in the school, *and*
- Must be located in a district that qualifies as a REAP eligible or RLIS eligible district OR must be located in community that has no other schools in the same grade span by road within 50 miles in the same district.

Note: If migrant students attend other district schools that are non-Title I-A schools or that operate a Title I-A targeted assistance program, the district must provide migrant services targeted directly to those students in those schools and may not consolidate funds for those students.

Meeting Unique Educational Needs of Migrant Students

To consolidate funds, the school must demonstrate that the unique educational needs of migrant students have been met in three areas:

- A. Proficiency rates on reading/language arts and math state summative assessments,
- B. PFS student proficiency rates on reading/language arts and math content assessments, and
- C. Graduation rates.

A. Proficiency Rate on State Summative Assessments

To consolidate migrant funds in a Title I-A Schoolwide Program, the migrant student proficiency rate cannot be below the non-migrant student proficiency in reading and math. This is represented by calculating the gap between the migrant and non-migrant percentage proficient with a resulting gap of zero or less. However, if the number of students tested in either the migrant or non-migrant group is 10 or fewer, the gap in % proficient will not apply in that subject area.

Content Area	Non-Migrant Students	Migrant Students	Gap Between Migrant and Non-migrant % Proficient
	Number of Students Tested	Number of Students Tested	
ELA			
Math			

B. PFS Students

To consolidate funds, the school must have 10 or fewer migrant students in grades 3-10 who are designated as a priority for services (PFS). Alternatively, if the school has greater than 10 students designated as PFS, the proficiency rates on the reading and math assessments for PFS students in grades 3-10 must be at or above the proficiency rates for all migrant students in the school.

Number of PFS Migrant Children Enrolled in Grades 3-10	Complete only if more than 10 PFS	Content Area	All Migrant Children	PFS Migrant Children	Gap Between PFS Migrant Children and All Migrant Children % Proficient
			Number of Students Tested	Number of Students Tested	
		ELA			
		Math			

C. Graduation Rate

To consolidate funds, the migrant student graduation rate (either the 4-year or the 5-year rate) must meet one of the following conditions:

1. be greater than or equal to 85%, if the migrant graduation cohort contains more than 10 students, or
2. if the migrant graduation cohort contains 10 or fewer students, all but one student in the cohort graduates, or
3. be greater than or equal to the district non-migrant graduation rate if both cohorts contain more than 10 students, or
4. is not applicable because there were 0, 1, or 2 students in either the migrant or the non-migrant graduation cohort.

	Non-Migrant Students			Migrant Students			Gap Between Migrant and Non-Migrant Graduation Rate
	# in cohort	# graduate	Grad. Rate	# in cohort	# graduate	Grad. Rate	
4-year Grad Rate							
5-year Grad Rate							

Required Documentation

By checking the boxes below, the signer is assuring that each required document for the school will be uploaded to GMS at the time of the application submittal.

Parent Consultation

- the agenda for the parent meeting during which consolidation of funds was presented and discussed;
- the sign-in sheet from the meeting; and
- the meeting notes indicating that a majority of those present approved the consolidation of funds.

Funds Consolidation

- a copy of the page from the current Schoolwide Plan showing the amount of Title I-C funds and other funds that are allocated to the school for Schoolwide Program purposes.
