

Request for Flexibility for FY20: Consolidation of Title I-C Funds into a Title I-A Schoolwide Program

School District: _____

School Name: _____

The Guidance for the Consolidation of Title I-C Funds into the Schoolwide Program, approved by the Office of Migrant Education on April 1, 2014 states:

If the data made available to schools in April of a given year shows that a school did not meet one or more criteria in order to continue consolidating funds for the next school year, the school will be allowed to continue to implement the approved consolidation of funds for one more school year in order to 1) determine if the school meets the criteria to consolidate in the next year to avoid disruption of the migrant program, and 2) to have time to create a tentative alternate plan for targeted services to migrant students to be implemented in the succeeding school year. If the data provided the following April again shows that the school does not meet the criteria for consolidation, then the district will implement the alternative plan for providing targeted services to migrant students in that school rather than consolidating the migrant funds into the schoolwide plan.

Tentative Alternate Plan for Providing Targeted Services to Migrant Students in FY21

If the data provided in April of 2019 again shows that the school does not meet the criteria for consolidation, then the district will implement the alternative plan for providing targeted services to migrant students in FY21 rather than consolidating the migrant funds into the Title I-A Schoolwide Program.
