Changes for Spring 2009

CHANGES

Please note that in an effort to align the three OASIS collections (Participation Rate, Summer OASIS, Fall OASIS), the **order of some of the fields has changed.**

Field 11 Student Grade Level

In the past, there was no collection of demographic data in the spring Participation Rate file for eleventh and twelfth graders. To provide more accurate reporting for these two grades, Eleventh Grade and Twelfth Grade have been added to the Student Grade Level field in this collection. Student populations for these grades include **only those students testing.**

This field identifies the grade level of the student.

<u>Code</u>	<u>Description</u>
3	Third grade
4	Fourth grade
5	Fifth grade
6	Sixth grade
7	Seventh grade
8	Eighth grade
9	Ninth grade
10	Tenth grade
11	Eleventh grade
12	Twelfth grade

Field 17 Accommodation - IEP or 504 Plan

The Accommodation - IEP or 504 Plan field has changed this year. An additional Subject area, Science, has been added to the collection and each subject area is now its own separate yes/no field. One student may require multiple selections.

Accommodation - IEP or 504 Plan	Number	1/1
<u>Description</u>		
Field 17 Mathematics	Yes/No (Y or N)	
Field 18 Reading	Yes/No (Y or N)	
Field 19 Writing	Yes/No (Y or N)	
Field 20 Science	Yes/No (Y or N)	

NEW FIELDS

Field 2 Local Student ID **Number** 1/15

This field is **optional** and holds the ID assigned to the student by the local school district

Field 6 Suffix **Number** 1/8

This field is **optional** and contains an appendage, if any, used to denote an individual's generation in his/her family (Jr,Sr.,III). This information may no longer be included in the Student Name fields.

Field 12 (see Appendix E)

Added **Appendix E** to clarify reference to prior disability codes 15 and 16.

Clarifications

- Students that have previously passed any or all three parts of the High School Graduation Qualifying Exam AND that are still defined by your district as being enrolled in the 10th grade must be included in the participation rate. Those students are required to take the 10th grade exam which now includes Standards Based Assessment items. The HSGQE component of those results will be suppressed, but a student will receive SBA results for grade 10.
- All students that are enrolled on 04/07/09 are considered for the calculation of the participation rate.
- Participants are students that receive at least one valid score out of any of the three required subjects (Reading, Writing, Mathematics) for each exam.
- Only the students that are considered to be enrolled for Full Academic Year (FAY) will be considered for the performance levels as reported in the AYP calculations. FAY = Continuously enrolled between 10/01/08 and 04/07/09.
- Students that are eligible and/or that participate in the alternate assessments will be included in the participation rate and AYP calculations, and should be included in this data collection.
- Please verify your data to ensure that the student records that are reported in this file match at the individual level to the information coded in the test materials. This will ensure that the participation rate file matches your performance level file. The performance level data that we use is the file that we receive from DRC. **Any discrepancies between the participation rate file and the data file that we receive from DRC will be resolved by using the data from the participation rate file.**
- All students enrolled for a full academic year who are counted under 4 AAC 09.040 as **more than 0.25 FTE** must be included in the state assessments and determination of adequate yearly progress.
- A district may, on a case-by-case basis, exempt an individual student from an assessment if an **unexpected severe medical condition** prevents the student from participating in the administration of the assessment. The student **will not be included** in the determination of adequate yearly progress performance or participation rate. The district shall retain documentation regarding the exemption, including medical records or the condition, with the student's permanent record and provide it to the department upon request. **(4 AAC 06.805. (k)).**
- **Per federal guidance all Migrant students are categorically eligible for Free/Reduced Lunch.**
- Any student that participated in a statewide assessment in the previous year cannot be identified as a First Year Immigrant.
- Please note that 4 AAC 06.805(j) has been changed to include immigrants students that first enrolled in a school in the United States after the previous school year administration of the SBA under 4 AAC 06.710(2).
- The LEP student codes are defined for all data collections. **For the Participation Rate file, the code LT would not be used as the student results from the ELP assessment are not yet available.** Students who are coded as LP for the Participation Rate file may be changed to LT for the Summer OASIS data collection if results from the ELP assessment show that the student is proficient in English.
- **Eleventh and Twelfth grade information collected is not used in conjunction with AYP. These data will provide more accurate demographic HSGQE reports.**

Data Transmission Procedures

1. Districts must submit a complete set of data elements defined in this data dictionary for each student that was enrolled on Tuesday, **April 7, 2009**.

2. **4 AAC 07.060 (a) (7) states that the AK Student Identifier must appear in each electronic record containing student-level information that is reported to the department.**
Please see Appendix B to view the specific regulation.

3. To accommodate the different computer systems extant in Alaska and facilitate data reporting, districts will have three file format options for reporting data:
 - Microsoft Excel
 - fixed length, CR between each record
 - variable-length comma or tab delimited, carriage return (CR) between each record
(*other formats may be acceptable; call Peggy Corazza at 465-8418*)

4. Acceptable media are:
 - files sent via e-mail attachment
 - CD ROM.
 - If FTP data transmission is to be used, data must be encrypted using PGP, ABI or another encryption routine acceptable to the Department of Education and Early Development.

5. Districts using Apple MacIntosh computers must provide data in a DOS file format on DOS formatted media.

Note #1: If an exchange file is created using the Comma Separated Values format (CSV) and some data fields contain commas, the integrity of the exchange file will be compromised.

A program uploading a CSV file interprets each comma as a field delimiter within each record and expects each record to contain the same number of commas. When a data field contains a comma, as in "Smith, Jr." the import program considers the comma between "Smith" and "Jr." as the demarcation of a new field. The solution is to strip-out all commas at the time the exchange file is created. An alternative is to use tabs instead of commas as field delimiters.

Appendix D: First Year Immigrant Students

Under new flexibility provided by the United States Department of Education, and announced by Secretary Rod Paige on February 19, 2004 states may exclude performance scores of first year immigrant students in the mathematics and reading/language arts assessment results. States have the option of not giving the content reading/language arts assessments to first year immigrants, and only having the students take the English Language Proficiency exam.

If a district enrolls a student who qualifies as an LEP pupil under 4 AAC 34.090(2), and who is new to the United States, and first enrolls in a school in the United States after the previous school year administration of the state standards-based assessment under 4 AAC 06.710(2), the district may excuse the student from participation in the state assessment in reading and writing; and elect not to include the student's performance in any state assessments in the determination of school and district adequate yearly progress.

If a school excuses a new immigrant student from participation in reading and writing assessments they must have the student participate in statewide English language proficiency assessments.

4 AAC 06.805. Adequate yearly progress

4 AAC 06.805(j) is amended to read:

(j) Notwithstanding any provision in this chapter, if a district enrolls a student who qualifies as an LEP pupil under 4 AAC 34.090(2), **[AND WHO]** is new to the United States, **[DURING THE SCHOOL YEAR IN WHICH THE STUDENT]** and first enrolls in a school in the United States after the previous school year administration of the state standards-based assessment under 4 AAC 06.710(2), the district may

(1) excuse the student from participation in the state assessments in reading or writing;
and

(2) elect not to include the student's performance in any state assessment in the determination of adequate yearly progress under 4 AAC 06.810.

Definitions:

An "immigrant child" is one who is not born in any State in the United States of America.

A "limited English proficient (LEP)" student is one who is determined to be LEP based on the local assessment required under 4 AAC 34.055 (c) to determine if the student is limited English proficient.

Appendix E: [Disability Categories 15 & 16](#)

When calculating AYP, Alaska has been approved to include students who were formerly receiving special education services in the students with disabilities subgroup for two years after they no longer qualify for special education services. Code 16 should be used to identify any student who was reported (or should have been reported) as a code 15 last year who still does not qualify for special education services at time of SBA testing this year. If this student does not qualify for special
