Instructions

The purpose of this collection is to assist in the calculation of school, district and state level Annual Yearly Progress (AYP). This submission is a student level data file that includes all students enrolled in a district on the first day of testing. This year the first day of testing is April 5, 2011. The detail requested in this file allows for disaggregation of AYP subgroups.

1. Districts must submit a complete set of data elements as defined in this data dictionary for each student that was enrolled on Tuesday, **April 5, 2011** through the State Report Manager (SRM) at <https://srm.eed.state.ak.us/srm>.

To accommodate the different computer systems in Alaska and to facilitate data reporting, districts have two file format options for reporting data:

- Tab-delimited (.TXT) or zipped tab-delimited
- Comma-separated (.CSV) or zipped CSV
-

For further instructions on submitting through SRM, please see Appendix G. Additionally, this year the Department of Education and Early Development (EED) is providing a test environment for SRM at <https://srmtest.eed.state.ak.us/srm>. If your district is unable to submit the file using SRM contact May Palomo (may.palomo@alaska.gov) for assistance.

Note: Successful submission requires utilization of exact field names in the header. A copy of the field names is located within Appendix F. In addition, an excel file containing the header field names may be downloaded on the Department of Education and Early Development (EED) website at <http://www.eed.state.ak.us/forms/home.cfm>.

2. After the completed data file is submitted, you will immediately receive a validation summary report that lists errors that need to be corrected and warnings where verification is needed.
3. Make corrections in original file. Please see Appendix H for a list of validation rules and error message details.
4. Re-submit corrections through SRM. Repeat steps 1-3 until data is free of errors.
5. Certify/verify data is accurate through SRM.

4 AAC 07.060 (a) (7) states that the AK Student Identifier must appear in each electronic record containing student-level information that is reported to the department. Please see Appendix B to view the specific regulation.

Note: When a file is created using the Comma Separated Values format (CSV) and data fields contain commas, the integrity of the exchange file will be compromised.

A program uploading a CSV file interprets each comma as a field delimiter within each record and expects each record to contain the same number of commas. When a data field contains a comma, as in "Smith, JR." the import program considers the comma between "Smith" and "Jr." as the demarcation of a new field. The solution is to strip-out all commas at the same time the file is created. An alternative is to use tabs instead of commas as field delimiters.

Changes for Spring 2011

(All new changes will be highlighted in green)

Data Elements Removed:

Accommodations – IEP or 504 Plan

Reading	(Y or N)
Writing	(Y or N)
Mathematics	(Y or N)
Science	(Y or N)

Accommodation – LEP

Although we planned to include Accommodation fields in this data collection it will no longer be collected in this report. Accommodation information will be collected on bubble sheet at time of test as well as LEP accommodations

Additional LEP Status code clarification

For purposes of AYP, students with LEP codes of M1 or M2 will be considered LEP = Yes students. Also, for the Participation Rate file, the code LT would not be used as the student results from the ELP assessment are not yet available.

Additional Race/Ethnicity Guidance

Additional Disability Code 15 & 16 Clarification

Clarifications

- Students that have previously passed any or all three parts of the High School Graduation Qualifying Exam AND are still defined by your district as being enrolled in the 10th grade **must** be included in the participation rate. Those students are required to take the 10th grade exam which now includes Standards Based Assessment items. The HSGQE component of those results will be suppressed, but a student will receive SBA results for grade 10.

Per AAC 06.737 Standards- based test, all students in grades three through ten who are enrolled in a district will be administered the SBA or Alternate Assessment test, regardless of their full-time equivalence status.

- All students who are enrolled on 04/05/11 are considered for the calculation of the participation rate.

- Participants are students that receive at least one valid score out of any of the three required subjects (Reading, Writing, and Mathematics) for each exam.

- Only the students who are considered to be enrolled for Full Academic Year (FAY) will be considered for the performance levels reported in the AYP calculations. FAY = continuously enrolled between 10/01/10 and 04/05/11.

- Students that are eligible and/or participate in the alternate assessments will be included in the participation rate and AYP calculations, and should be included in this data collection.

- Please verify your data to ensure the student records reported in this file match at the individual level to the information coded in the test materials. This will ensure the participation rate file matches your performance level file. The performance level data used by EED comes from our test vendors. **Any discrepancies between the participation rate file and the test vendor's data file will be resolved by using the data from the participation rate file.**

- All students enrolled for a full academic year who are counted under 4 AAC 09.040 as **more than 0.25 FTE** must be included in the state assessments and will be used in the determination of adequate yearly progress.

- A district may, on a case-by-case basis, exempt an individual student from an assessment if an **unexpected severe medical condition** prevents the student from participating in the administration of the assessment. The student **will not be included** in the determination of adequate yearly progress performance or participation rate. The district shall retain documentation regarding the exemption, including medical records or the condition, within the student's permanent record and provide it to the department upon request. **(4 AAC 06.805. (k)).**

- Per federal guidance all Migrant students are categorically eligible for Free/Reduced Lunch.

- Any student that participated in a statewide assessment in the previous year cannot be identified as a First Year Immigrant.

- Please note that 4 AAC 06.805(j) has been changed to include immigrant students that first enrolled in a school in the United States after the previous school year administration of the SBA under 4 AAC 06.710(2).

- The LEP student codes are defined for all data collections. **For the Participation Rate file, the code LT would not be used as the student results from the ELP assessment are not yet available.** Students who are coded as LP for the Participation Rate file may be changed to LT for the Summer OASIS data collection if results from the ELP assessment show that the student is proficient in English.

- **Eleventh and Twelfth grade information collected is not used in conjunction with AYP. These data will provide more accurate demographic HSGQE reports.**

Appendix B: 4 AAC 07.060. Student records

(a) Each district shall maintain for each student a cumulative record consisting, at a minimum, of the following:

- (1) subjects student has taken;
- (2) grades earned and an explanation of the grading system used;
- (3) units of credit earned;
- (4) attendance records;
- (5) scores student has recorded on standard tests taken; and
- (6) records of required immunizations and physical examinations and other health-related matters required by state law or district policy or bylaws; and
- (7) beginning August 31, 2002, a unique 10-digit individual student identification number issued by the department; the student identification number must appear in each electronic record containing student-level information that is reported to the department; the student identification number must appear on each student examination booklet administered under 4 AAC 06.712, 4 AAC 06.730, 4 AAC 06.737, and 4 AAC 06.755.**

Race/Ethnicity Definitions

<u>Code</u>	<u>Description</u>	<u>Definition</u>
1	White (Caucasian)	A person having origins in any of the original peoples of Europe, the Middle East, or North Africa.
2	African American	A person having origins in any of the black racial groups of Africa.
3	Hispanic	A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race.
4	Asian	A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian Subcontinent, including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.
5	American Indian	A person having origins in any of the original peoples of North and South America (including Central America) who maintains cultural identification through tribal affiliation or community attachment. Please do not include Alaska Native students.
6	Alaska Native	A person who is a descendant of a member of the aboriginal races inhabiting the state when annexed to the United States, or who is a descendant of an Indian or Eskimo who, since the year 1867 and prior to June 30, 1952, migrated into the state from Canada, and who is a descendant having at least one-quarter blood derived from these ancestors.
7	Two or More Races	A student who primarily identifies their ethnic heritage with more than one subgroup. Do not include individuals that have identified themselves as Hispanic/Latino.
8	Native Hawaiian or Pacific Islander	A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.

New Race/Ethnicity Codes – EED Guidance

Beginning July 1, 2010, school districts nationwide will be required to collect, retain and report student level ethnicity data as prescribed by the US Department of education guidance published in the Federal Register October 19, 2007.

Educational institutions and other recipients will be required to collect racial and ethnic data using a two part question on the educational institutions' or other recipient's survey instrument. The first question would be whether their respondent is Hispanic/Latino. The second question would ask the respondent to select one or more races from the following racial groups

The information listed below is to provide guidance to the districts. Beginning with Fall OASIS collection 2010-2011, this change will be reflected in the EED data collections.

Second public comment period closed 09/21/2006
USED guidance released in early June

1. Collecting data
 - a. Two questions
 - i. Are you Hispanic or Latino? Yes/No
 - ii. Select races that you wish to identify with:
 1. African American
 2. American Indian/Alaska Native
 3. Asian
 4. Caucasian
 5. Native Hawaiian/Pacific Islander
 - b. Individual can check all that apply – “self-identification”
 - c. Encourage the opportunity to “re-identify” - change existing codes
 - d. Retain the individual records for future enforcement purposes - OCR
2. Reporting Data
 - a. Reporting Codes
 - i. African American
 - ii. American Indian/Alaska Native
 - iii. Asian
 - iv. Caucasian
 - v. Hispanic
 - vi. Native Hawaiian/Pacific Islander
 - vii. Two or more races
 - b. If Hispanic AND other race = Hispanic
 - i. (example: Caucasian + Hispanic = Hispanic)
 - c. Any other multiple identification, excluding Hispanic, coded as Two or more races (example: African American + Asian = Two or more races)
 - d. If race/ethnicity is not chosen, “user identification” is employed – the person responsible for reporting chooses codes
 - e. Does not affect AYP subgroups as those are negotiated with USED in the state accountability plans

Appendix D: First Year Immigrant Students

Under new flexibility provided by the United States Department of Education, and announced by Secretary Rod Paige on February 19, 2004 states may exclude performance scores of first year immigrant students in the mathematics and reading/language arts assessment results. States have the option of not giving the content reading/language arts assessments to, first year immigrants, and only having the students take the English Language Proficiency exam.

If a district enrolls a student who qualifies as an LEP pupil under 4 AAC 34.090(2), and who is new to the United States, and first enrolls in a school in the United States after the previous school year administration of the state standards-based assessment under 4 AAC 06.710(2), the district may excuse the student from participation in the state assessment in reading and writing; and elect not to include the student's performance in any state assessments in the determination of school and district adequate yearly progress.

If a school excuses a new immigrant student from participation in reading and writing assessments they must have the student participate in statewide English language proficiency assessments.

4 AAC 06.805. Adequate yearly progress

4 AAC 06.805(j) is amended to read:

(j) Notwithstanding any provision in this chapter, if a district enrolls a student who qualifies as an LEP pupil under 4 AAC 34.090(2), [AND WHO] is new to the United States, [DURING THE SCHOOL YEAR IN WHICH THE STUDENT] **and** first enrolls in a school, in the United States **after the previous school year administration of the state standards-based assessment under 4 AAC 06.710(2)**, the district may

- (1) excuse the student from participation in the state assessments in reading or writing; and
- (2) elect not to include the student's performance in any state assessment in the determination of adequate yearly progress under 4 AAC 06.810.

Definitions:

An "immigrant child" is one who is not born in any state in the United States of America.

A "limited English proficient (LEP)" student is one who is determined to be LEP based on the local assessment required under 4 AAC 34.055 (c) to determine if the student is limited English proficient.

Appendix E: Disability Categories 15 & 16

Notes:

Disability codes 15 and 16 are only used in the Participation Rate File and will not be accepted in other data collections.

These codes are optional and using them may affect AYP outcomes.

We recommend that you do not overwrite disability code with 15 or 16 in your student management system since you will need to access the former disability code for the Summer OASIS collection.

When calculating AYP, Alaska has been approved to include students who were **formerly** receiving special education services in the students with disabilities subgroup for two years after they no longer qualify for special education services. Disability codes 15 and 16 allow us to identify these students

The use of codes 15 and 16 is optional, but districts may not “cherry pick” students to report. Districts must decide to identify all code 15 and 16 students or no code 15 and 16 students. When making these determinations districts should take the following into consideration:

- The proficiency rate for code 15 and 16 students as a whole is higher than the proficiency rate for students with disabilities as a whole. This means that in many cases, by identifying the code 15 and 16 students, your students with disabilities proficiency rate will increase.
- If your district has fewer than 20 students with disabilities in grades 3-10 on the first day of testing or fewer than 25 students with disabilities who will assess and will be counted as FAY (full academic year) yes at the district level, the students with disabilities subgroup will fall below the minimum N size and will be reported with N/As for the AYP determinations. You may want to keep this in mind when determining whether your district will or will not identify the code 15 and 16 students. If you choose to identify the code 15 and 16 students, they will be included in the minimum N counts.

Code 15 should be used to identify students who were receiving special education services at the time of SBA testing last year (was reported with a disability code of 2-14 in the participation rate file last year), but who no longer qualify for special ed at the time of SBA testing this year (does not have a disability code of 2-14). Note: If a 3rd grade student was receiving special education services at testing time last year, but are no longer receiving services this year they should be coded as 15 even though they were not in an assessed grade last year.

Code 16 should be used to identify any student who was reported (or should have been reported) as a code 15 last year who still does not qualify for special education services at time of SBA testing this year. If this student does not qualify for special education services next year, they would be reported with a disability code of 00 in that participation rate file.

Appendix F: State Report Manager (SRM) Record Layout

The table below represents the field names that are needed in the header to submit the Participation Rate Data file through the State Report Manager (SRM). Each field must be used exactly as presented below. Any substitutions, changes, or deletions will stop processing of your data file. The error message that results in SRM is: "One or more required fields are missing" (error #67000). This header with data must be submitted as a CSV file through the SRM portal (see appendix G for detailed directions).

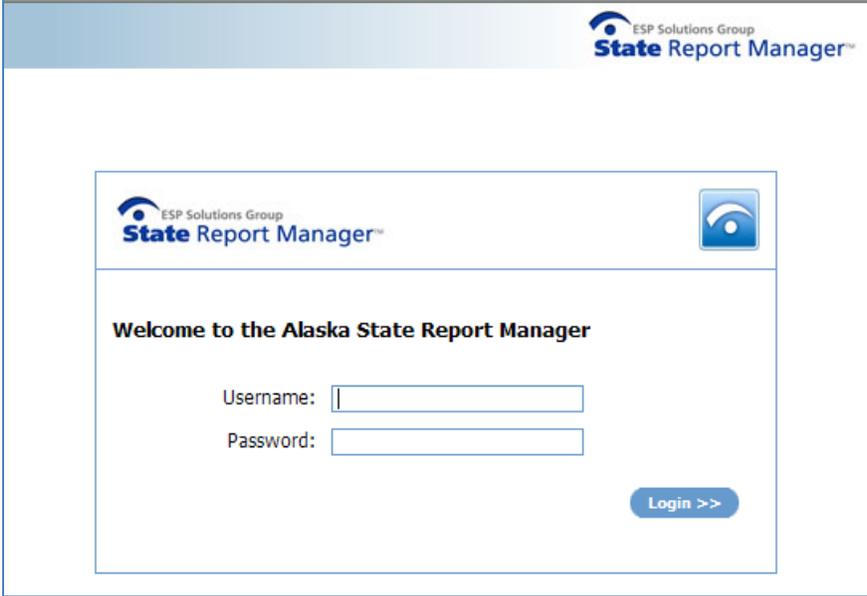

This header in excel format can also be found on the EED Forms and Grants website (see link below). Place OASIS in the Search **by Form Title Keyword:** field. The excel form will be called "SRM Participation Rate 2011 OASIS Column Heading Template."

Appendix G: State Report Manager (SRM) System Submission Process

- 1) Enter the SRM site at the following URL: <https://srm.eed.state.ak.us/srm>.
- 2) Enter the Username and Password, then click on **Login >>**. If not already assigned, a Username or Password may be obtained by contacting peggy.corazza@alaska.gov or may.palomo@alaska.gov.

The screenshot shows the login interface for the State Report Manager. At the top, there is a header with the ESP Solutions Group logo and the text "State Report Manager". Below this, a central box contains the same logo and text. The main content area features the heading "Welcome to the Alaska State Report Manager". Underneath, there are two input fields: "Username:" followed by a text box, and "Password:" followed by a text box. To the right of the password field is a blue button labeled "Login >>".

- 3) Select the data collection being submitted: Fall OASIS, Spring OASIS, or Summer OASIS. The data file format must be either a tab-delimited (.TXT) or comma-separated (.CSV) text file. If the file is larger than 20MB, multiple .TXT or .CSV files may be included in a single .ZIP archive. Once a data file has been prepared for submission, click on **Run a Trial**.

Welcome to the Alaska Department of Education & Early Development State Report Manager

SRM has identified the following state reports. Please select a state report by clicking on a Trial Name below:

Current State Reports

Name	Collection Start Date	Due Date	Trial Name	Trial Date	Submission Status
Fall Certificated Staff Collection			Run a Trial		
Fall Classified Staff Collection			Run a Trial		
Fall OASIS Collection			Run a Trial		
Spring OASIS Collection			Run a Trial		
Summer OASIS Collection			Sent Trial	05-29-2009 11:56am	SENT

- 4) To load a file, click the **Browse** button.

Please select how we will receive your data:

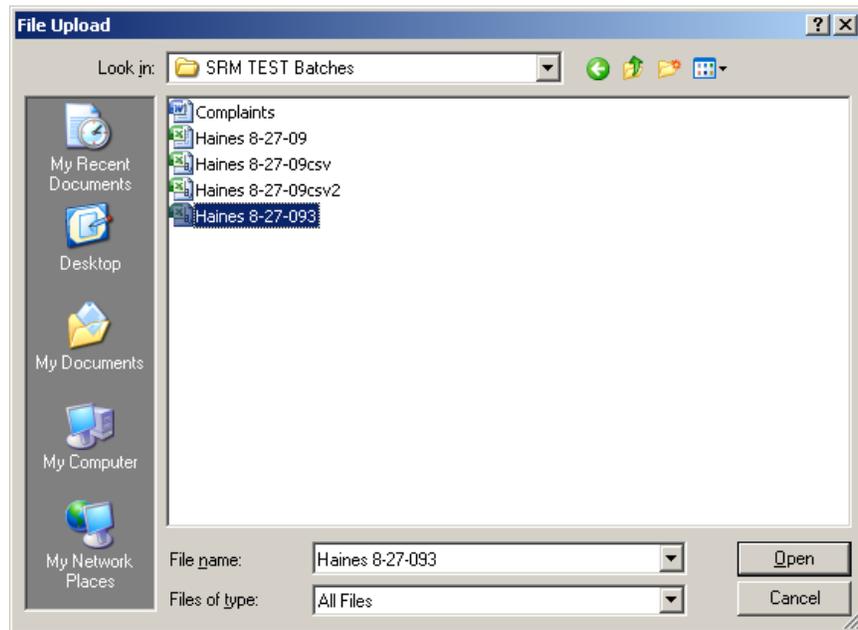

SIF -- Transfer trial data from your district using SIF synchronization.

Upload -- Upload text files.

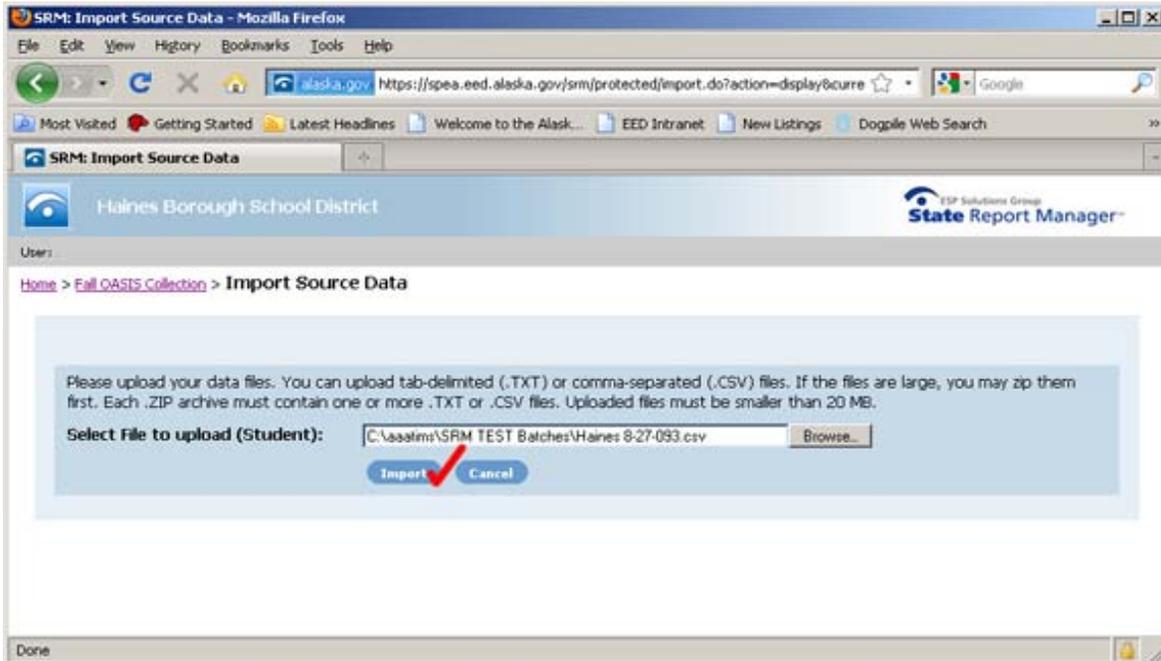

Please upload your data files. You can upload tab-delimited (.TXT) or comma-separated (.CSV) files. If a file is large, you may zip it first. Uploaded files must be smaller than 20 MB.

Select File to upload (Student): [CSV file headers](#)

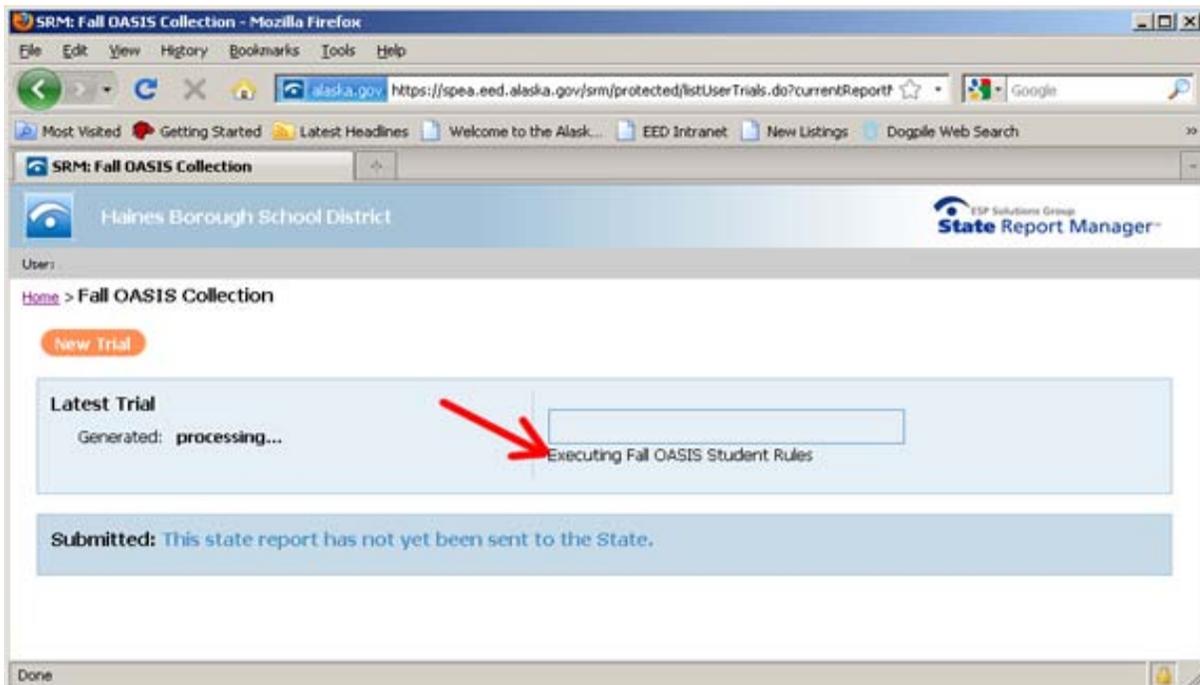

- 5) Find and select the file to upload then, click **Open**.

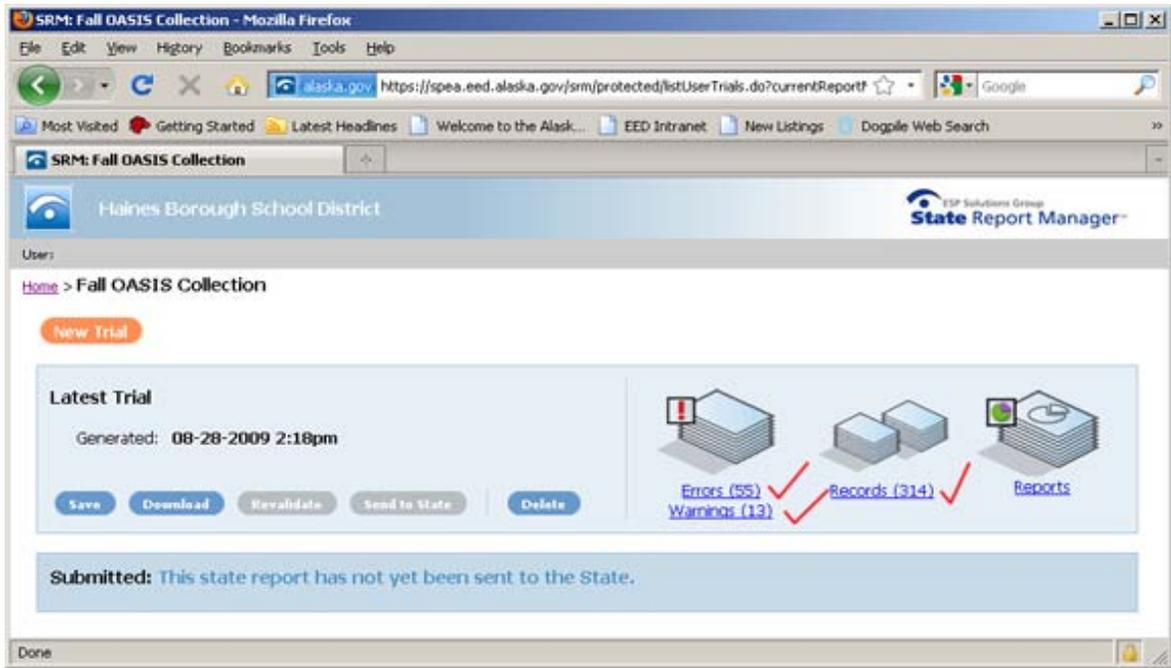

- 6) Once the correct data file is selected, click on **Import**.

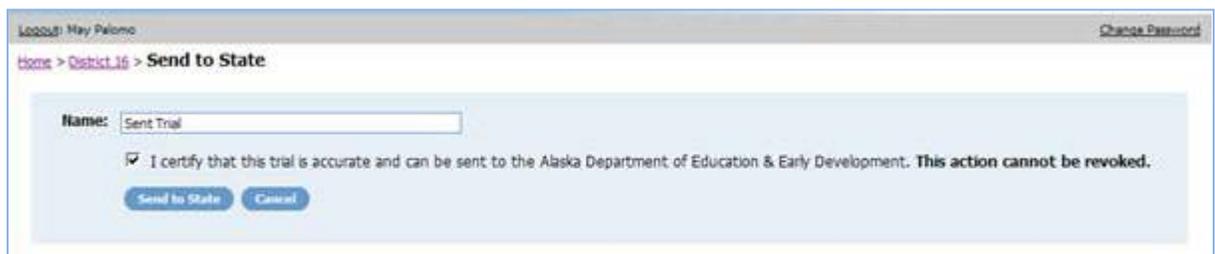

The selected file is now uploading.

- 7) When the file upload and data checks are complete, a data summary will appear detailing the number of errors, and warnings, and total records submitted. The data is now ready for review and correction. Click the **Errors** link to review what corrections are required.

- 8) Click on **Violation Summary** link to view error report in excel sheet and correct errors in original file and re-submit file.
- 9) Repeat steps until no more errors.
- 10) Once no more errors, click on **Send to State** which should now be highlighted. Certify that your file is accurate by checking the box and click on **Send to State**. Your file is now complete.
