

**MEMORANDUM NUMBER 2015-10 - Erratum**

**To:** Superintendents  
Business Managers

**From:** /s/Mike Hanley, Commissioner

**Date:** July 13, 2015

**Subject:** Correction to 2015 Regular and Special Legislative Sessions Summary Memo

\*\*\*\*\*

The purpose of this erratum is to retract information from Numbered Memorandum 2015-10. On page 2, seventh paragraph, the first several lines of text should be stricken:

~~SCSCS HB44 also removes the requirement that public school teachers have a physical exam as a condition of employment and restricts a school district from paying for the costs of physical exams if they choose to require them of school employees; removes the requirement for students to have a physical exam when they enter public school; clarifies requirements for school districts to allow students to test-out of courses by requiring districts to provide students only in grades 9-12, with the opportunity to challenge courses; and amends current statute to allow an individual who possesses a valid teacher certificate and applies to work at a child care facility or residential child care facility to request that criminal justice information and national criminal history records on file with the Department of Education & Early Development be sent to the Department of Health and Social Services to satisfy fingerprinting and background check requirements.~~

The new paragraph should read:

SCSCS HB44 also removes the requirement for students to have a physical exam when they enter public school; clarifies requirements for school districts to allow students to test-out of courses by requiring districts to provide students only in grades 9-12, with the opportunity to challenge courses; and amends current statute to allow an individual who possesses a valid teacher certificate and applies to work at a child care facility or residential child care facility to request that criminal justice information and national criminal history records on file with the Department of Education & Early Development be sent

to the Department of Health and Social Services to satisfy fingerprinting and background check requirements.

The stricken language was not included in the final version of the legislation and therefore will not be in effect.
