Dr. Benjamin Olson  
Vice President of Academics  
Alaska Bible College  
248 E Elmwood Ave  
Palmer, AK 99645

Dear Dr. Olson,

Congratulations! CAEP leadership has reviewed Alaska Bible College's Initial Application and supporting documents, including the readiness assessment and rationale, and are excited to move forward in the accreditation process with the educator preparation provider (EPP) as Eligible for CAEP accreditation. The designation of Eligibility authorizes the provider to advise its constituents that it is seeking national accreditation through CAEP with a Site Review scheduled in Fall 2025. In addition, the EPP is expected to submit the EPP Annual Report and annual membership fee to CAEP to maintain its Eligible status.

Next steps:

Contact me to schedule the exact dates of your Fall 2025 Site Review. Once you have confirmed possible dates with your state, please reach out to me to schedule the exact dates of your review. Please provide me with three possible dates keeping in mind that Site Reviews occur Sunday to Tuesday. This can be completed after your Self-Study Report (SSR) template is opened in January 2024. Your SSR will be due nine months before the exact dates of your Site Review.

Until the Site Review and accreditation decision, the provider is required to submit an abridged EPP Annual Report, the purpose of which is to ensure your institutional data and contact information is accurate. Emails regarding the EPP Annual Report are sent to those people designated as EPP heads and coordinators in AIMS. Please ensure this information is consistently updated.

On behalf of CAEP, I would like to congratulate you and your EPP for reaching this important milestone in the accreditation process. Should you have any questions regarding processes and expectations of accreditation, please feel free to contact me. We are looking forward to working with you.

Best,  
Ben Frattini  
Senior Accreditation Associate
