

Accessing Student Tutorials for the Computer-Based Assessments

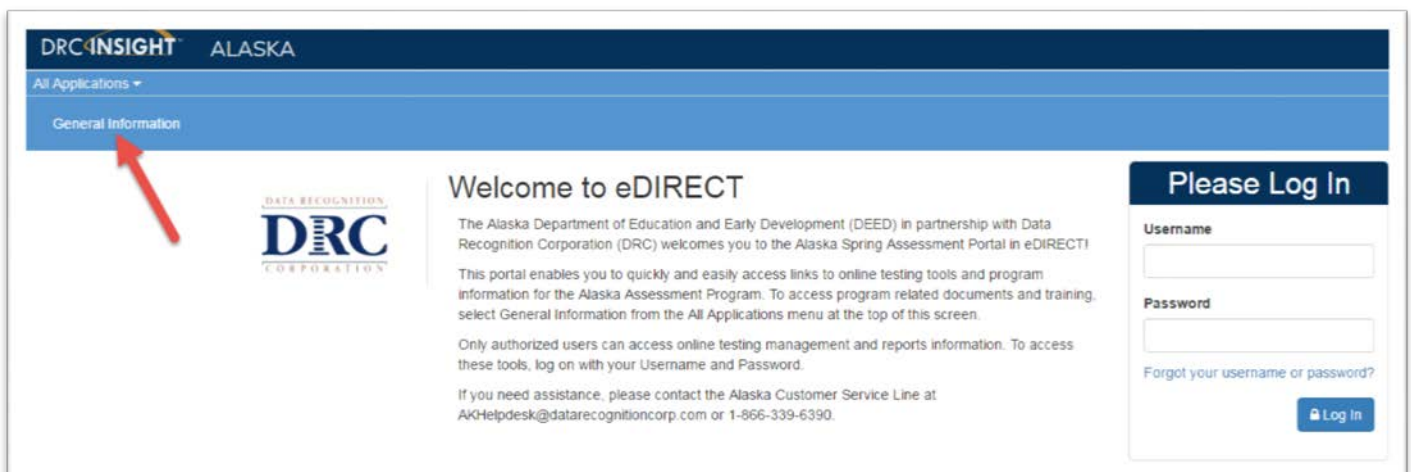

Quick Guide

The Student Tutorials are web-based videos that introduce the computer-based testing system. The tutorials use age-appropriate sample test items, animation, audio, and closed captioning to describe the testing tools and navigation through the test engine. The tutorials are accessible to parents and community and easily viewable on many web browsers.

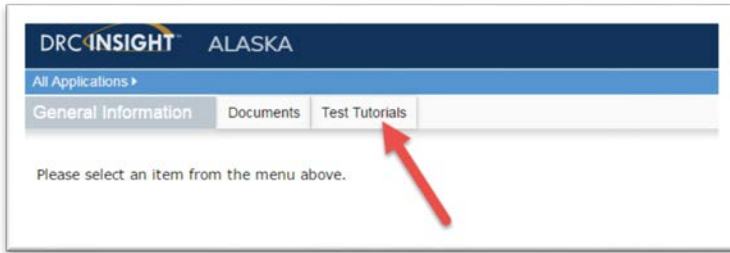

1. Go to ak.drcdirect.com.
2. Select All Applications.

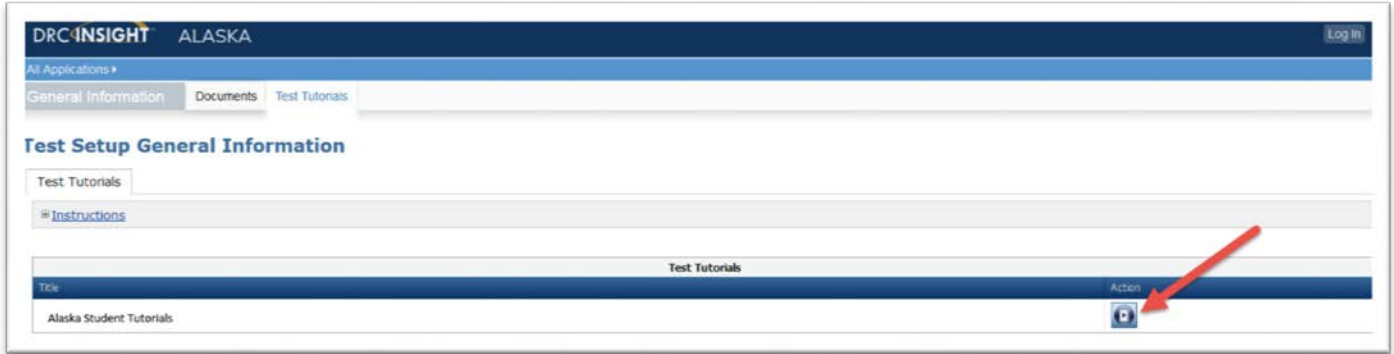

3. Select General Information.

4. Select Test Tutorials.

5. Select the Play Tutorial icon.

Find out more information on the PEAKS assessment on the [PEAKS Webpage](https://education.alaska.gov/assessments/peaks) (<https://education.alaska.gov/assessments/peaks>).
