# Quick Guide: Accessing Student Tutorials

The Student Tutorials are web-based videos that introduce the computer-based testing system. The tutorials use age-appropriate sample test items, animation, audio, and closed captioning to describe the testing tools and navigation through the test engine. The tutorials are accessible to parents and community and easily viewable on many web browsers. A username and password are not required to access the tutorials.

1. Go to the DRC INSIGHT Portal (ak.drcedirect.com).
2. Select the link to the Student Tutorials at the bottom of the paragraph underneath the Student Tutorial subheading.

3. Select a content area.

Find out more information on the PEAKS and Alaska Science assessments on the PEAKS webpage.
