It is time for the CACFP annual renewal or annual update.

1) Update and Renewal Information and forms are posted on the State of Alaska, Child Nutrition Programs website: https://cnsonline.alaska.gov/cnpweb/. You will not be sent the Update via e-mail or mail this year. You must access the forms at the CNP Database under the PACKET tab. Please see instructions at the end of this document.

2) There are two deadlines for documentation – October 1, 2014 and November 10, 2014. Please make sure you meet the deadlines as listed on the instructions.

3) **The 30-day study is changing this year and now is called the One Month Enrollment Report (OMER).** The OMER will be done from October 1st through October 31st – No Exceptions. Distribution of the Confidential Income Statements (CIS) can take place from October 1st through October 31st. Evaluating the CIS throughout the month will help you meet the November 10th deadline for completion. You will find the documents in two sections this year (1. One Month Enrollment Report & 2. Confidential Income Statement Packet – which has the CIS, parent letters, and income eligibility guidelines). You will only submit the OMER to us and will note the date you have completed this next to the OMER and the CIS packet in the database.

4) For programs that are purchasing meals from a vendor: Your Vended Meal Agreement/Contract must be approved by this office prior to start-up. You should have sent our office the Intent to Contract form already – if not, please contact Alexis for this document. Please submit the Vended Meal Agreement prior to the October 1st deadline or sooner if your agreement/contract begins prior to October 1st. We need to approve prior to start-up.

5) The Center Information Sheet in the database should be filled out by October 1st, but I realize you will not be able to complete the form until you finish your OMER since you will need the Free/Reduced/Above Scale numbers to complete the process. Leave the numbers blank on the site sheet but have everything else completed.

6) All programs are required to submit cycle menus by October 1, 2014.

Please see the CNP web tutorial for instructions on updating the database that will be sent with this document. This is the same as last year.

In the example below there is an unaffiliated at-risk site and a child care center that vends meals. You’ll notice that there are a number of documents that are needed.
Please see below for what the page will look like when the packet is completed and ready to submit to the state for approval (no later than November 10th). You’ll need to click the button at the bottom left to send to the state for approval once all your submitted docs are approved. See below.
