Instructional Aides helped students with classroom assignments. These staff members were part of the planning for the students needs and worked collaboratively with classroom teachers.	We targeted those students who did not meet reading growth as determined by Measures of Academic Progress (MAP) and Dynamics of Basic Early Literacy Skills (DIBELS). This year 22 3 rd Graders, 19 4 th Graders, 13 5 th Graders, and 11 6 th Graders were targeted.	Sept 2008	Measures of Academic Progress (MAP) These tests measure the students' academic abilities in Reading, Math, and Language Usage.	Each student received a RIT score (Rausch Unit). The RIT scores current student ability as Literacy Skills as well as also used as a formative assessment throughout the year.	April 2009	Standards Based Assessment grades 3-6.	Our data indicates that 68% of our 3 rd Graders, 61% of our 4 th Graders, 48% of our 5 th Graders, 57% of our 6 th Graders are Proficient on this year's SBA for Reading.
